

The diagram illustrates the relationship between bleed and cutting areas on a page. It features a background with a diagonal split: the top-left portion is a lighter orange, and the bottom-right portion is a darker orange. Two vertical white bars are positioned on the left side. A white rectangular box is located in the lower right quadrant. Two white callout boxes with rounded corners are placed in the center-right area. The top callout box contains the text 'Bleed Area (1006mm x 2006mm)' in blue font. The bottom callout box contains the text 'Cutting Area (1000mm x 2000mm)' in red font. The bleed area is represented by the larger, lighter orange region, while the cutting area is the smaller, darker orange region.

Bleed Area (1006mm x 2006mm)

Cutting Area (1000mm x 2000mm)
