

The diagram illustrates the relationship between bleed and cutting areas on a page. It features a large white rectangle on the left representing the bleed area, and a smaller white rectangle on the right representing the cutting area. The bleed area is wider than the cutting area, with the extra width representing the bleed. Two text boxes on the right provide the dimensions for each area. The background is a blue gradient with a diagonal line separating the bleed area from the rest of the page.

Bleed Area (856mm x 2006mm)

Cutting Area (850mm x 2000mm)
